

HUGO AND PLATO

Theme: Autumn

Week beginning 16th October 2023

REMINDERS

Next week is our last week of the first half term.

The children may be feeling very tired after working so hard but one more week to go! There aren't any specific dates to remind you for next week.

NEXT WEEK

We will be basing our activities around Autumn. We will also be looking at bonfire night and fireworks.

HUGO

This week Class Hugo have had activities based around Autumn. We have had some lovely gross motor activities sweeping up the leaves. We have also really enjoyed our mark making table this week. The children have been encouraged to make squiggles and circles and lines.

In maths we have been trying to match to a pair using socks and wellies.

Class Hugo have done lots of sensory exploring with leaves, pinecones and twigs. We have also been building houses for animals such as owls and hedgehogs.

PLATO

Plato have really enjoyed the autumnal activities this week. They have been working really hard in understanding the world, using communication aids to communicate about the different colours of the leaves.

The children have also been learning the grey squirrel rhyme in English and matching symbols/ supportive writing.
