

Bookworms bring back brilliant books

What have we been doing?

In Class Lipman we have set up a company called 'Bookworms Inc' who have been tasked by Mr Summerfield to revamp the library for our changing cohort. We have been labelling phonics books and moving them to the staffroom. We are removing old books and trying to make a more inviting space.

What has been going well?

We have, with the help of Mr Kennard, moved bookshelves so that we have more space in the library. We have put the phonics books into phases so they are together for students to use.

Jake and Max shared that, "We enjoyed hoovering the library because it was fun!"

What has been challenging?

It has been very challenging to carry the books back and forth out of the library to different locations. The weight of the books are very heavy. When asked, Emma said, "I found it difficult putting the books in order."

Emily said, "Although it was challenging, carrying the books was good because I like a challenge and doing jobs."

Photos of the library before Bookworms Inc started work

What are the next steps?

Our next steps are to sort through the books to find books that we can sell or to go to a charity abroad. We are going to sort the books into authors. We are planning on going for a visit to Shirley Heath Junior School library to see how they have updated their library as well as Shirley Library.

Ethan said, "I am looking forward to doing more with the library."

What can parents/carers do to help?

When your child brings home a book, please look after it and make sure to return it as it came home to you!

Labelling
books
and
hoovering
the
library

Progress so far...
